

THE **JUDIT** SYSTEM COMPRISES

WINDOWS – FRENCH WINDOWS – SHOP WINDOWS – MONOBLOCS – CURTAIN WALLS

Technological research and development

- **THIS PROJECT:**

is creative/innovative – designed to fit elegantly into any decor – extends window functionality – keeps things simple: 1 void - 1 pane - 1 handle

- **ADJUSTS TO SITUATIONS:**

air and primary light are filtered differently in summer and winter

- **AND SOLVES:**

problems of daily life we don't even notice

- **IN EFFECT:**

people are more comfortable and at ease because the rooms they are in are naturally safe, aired, healthy and shady

- **THOROUGHLY SAFE:**

cleaning and maintenance because all operations can be comfortably performed indoors on smooth frames with rounded edges and corners

- **AESTHETICS:**

there is a choice of traditional style with visible profiles, and everything in between up to a sleek simple look where the only visible parts are the basic frame on the outside and an attractive cover strip on the inside

- **ORIGINAL:**

the entire unit handle/gear/safety/key is ergonomic, practical, intuitive and prestigious

- **AN IDEAL PRODUCT:**

in all quality constructions with low energy consumption

- **INDISPENSABLE:**

in all public works, especially nurseries, safe houses and environments accommodating people

- **IN INVENTIONS:**

never has so much been achieved in a product the market considers mature
